Foreword

To students this will be the remembered year when dormitory walls bulged under the strain of an added load and classes numbered 75 or more; when dinner lines reached out to the street and campus benches were at a premium. We remember too the hours of frenzied typing, tiring afternoons in a stuffy lab, and mad dashes to classes. And with remembrance comes a keen sense of accomplishment for work well done.

In these pages we have remembered our favorite times—Perhaps they are yours, too.

Dedication

A quiet smile, that at once introduces a pleasant personality and assures friendly interest in the passerby; a devotion to his students, their life problems, and their difficult Physics problems; a sincere Christian influence on those with whom he works—these are the priceless gifts given generously and without measure to the students of Walla Walla College. They are gifts from our beloved, unassuming Physics professor, Doctor Kretschmar. Because he has become a part of our lives in the building and maintaining of so important a phase of our college program, we dedicate this book of memories to one whose kindly efforts have endeared him in our hearts.

CHURCH

Those special moments of closeness to God are found in the quiet reverence of the Vesper hour. We find renewed faith and courage to walk through the gates of service and beyond.

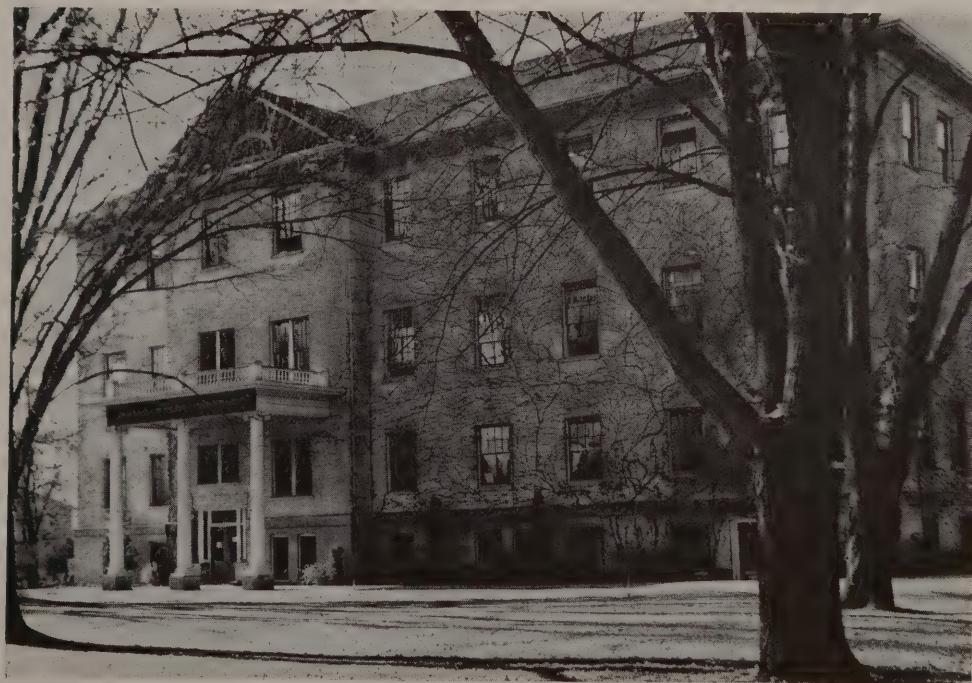

ADMINISTRATION

BUILDING

In these familiar halls we rub elbows with 1100 others who learn from able instructors of unprecedented opportunities for service along with the three R's.

SITTNER HALL

Although you see only a partly finished Sittner Hall, more and more men are moving in every day. They invite you back next fall to look at a finished dormitory they will be very proud to present.

The periodical room provides all current magazines for readers' enjoyment in conducive quiet.

Victims of spring fever — Arline Page, Melvin Freund, and Margaret Sturgill — exchange ideas in the sunshine.

We all get sleepy at times.

President's Message

Youth looks to the future. This book is largely a book of memories and is a record of the school year gone, but as we look at the pages of this book we shall be thinking of the future. What will each be doing one year, two years, . . . from now? Will there be a continuing growth of character and progress in things spiritual and intellectual?

The world moves on. New discoveries are made. More and more comforts are desired and demanded. These all relate to the material things of life. Man has progressed in the modification of his physical environment and in the control of energy so that toil has been changed from a twelve-hour day to an eight-hour day or less. Has man progressed in the spiritual realm? Individuals, yes, but man, no! Spiritual life is not a product of the mass of man but it is the product of an individual on whom the Spirit of God has done a work.

May the future bring fuller spiritual life to each one!

*Ferrisville
A.S. Sonnenberg*

Dean Sonnenberg ably assists our President in the routine of a busy school life.

With plans for the betterment of our college, the board meets frequently on the campus to discuss our problems and their solutions.

We found Mr. Booth following a very usual occupation—examining slides through the lens of a dissecting binocular microscope.

Here Lois Pefley, a biology student, examines more slides with a binocular microscope.

Cecilia Andersen uses a sliding microtome to prepare slides for student use.

A Unique New Formula For Motor Oil

NOW COMES FROM
SHELL RESEARCH

It brings together ALL the important qualities needed
for engine protection

NEW FORMULA Golden Shell Motor Oil achieves a goal long-sought by lubrication engineers.

It combines the best of new-found components in a unique new formula for motor oil.

In one of the most extreme tests ever made, this **New-Formula** Golden Shell Motor Oil ranked at the top in every oil quality. With all the compounds needed to **clean** your engine . . . to **keep** it clean . . . and to provide a strong, protective oil film, **New-Formula** Golden Shell proved its ability to provide engine protection far in excess of the demands of average driving.

Yes, in every sense, this is a **premium quality** oil. Yet you get it at a **non-premium** price—just 30 cents a quart!

*A premium quality oil
at a non-premium price*

New-Formula GOLDEN SHELL also comes in non-refillable cans. But the price is just **30c Qt.** plus tax

Hi Jug,

Another year has passed and it really was a choice one. It really has been swell having you as a roommate. I ask your forgiveness for all the noise I make in the mornings. Some day you will find a wife who will be quiet. Remember the night in the Park? What fun!!! Also the afternoon by Green River!! Oh, to be young again!! Never will I forget our gluten steak feeds. Next year every meal will be a feed. Thanks for the competition in Bible and Education!! I admire your determination! Stick to your Pre-Med and you'll make out swell. Oh yes, long-live our memories of White House - our pleasant(?) daze spent there!! Coal dust and cold water. Remember Jug you are welcome to any meals at "our" house at any time!! Feel free!! Good luck to you in all your romances.

Hi Wayne:  
Remember are good  
time together - Physics,  
well sessions - almost fight! <sup>9\*</sup>  
you know, the throwing, I scrub  
buckets down to second floor.  
Keep up the good work and  
I'll see you next year.  
Best of luck.  
Byron

Hey Jug!

No lie?! you know what?  
my written arm is just about  
shot, but I think I can squeeze  
out another signature just for  
you. Here's the deal - I don't have  
a picture in here so I guess let  
him to draw one. (you thought you  
were getting off easy - but you're not!)

T.M. & NO LIE!

Seriously, wayne, I sure have had a lot  
of fun with you this quarter and here's  
wishing you all the luck and happiness  
possible. I know that you will make an  
excellent doctor cause you've got what it  
takes. I'm going to miss you next year,  
Chum, but it's not far to the village so I'll  
be down from time to time ha

Success to a very swell fellow -
